## Public Affairs Officer at The Wildlife Trusts (London, UK)

Response deadline: **Expired**

The Wildlife Trusts are looking for a passionate individual to join our Public Affairs Team when, for the first time in many years, climate change and loss of biodiversity is a key political issue. This role will help The Wildlife Trusts to ensure that nature's recovery is kept at the heart of both the Government's and the Opposition's policy and ensure that our members and supporters voices are heard during this time of great uncertainty.

- [Michelle Baumber](#), The Wildlife Trusts
